OUR RECENT PROJECTS

Origin: Czech-Republic
Destination: Bartow, FL

Scope: The coordination of 4 containers a day, 2 carriers, and a crane and rigging was the challenge in this situation.

EU Origin: Linz, Austria
Origin: Tacoma, WA
Destination: Portland, OR

Scope: The sheer size and value of this milling machine was the challenge in this circumstance. This state of the art milling machine was delivered using a girder trailer combination to bring it as close to the ground as possible for road transport.

Origin: Fairfield, OH
Destination: Linz, Austria

Scope: The challenge with this project was coordinating the crating and loading. Crates were picked up at 08h00 and brought to the shipper's door for packing and loading. Cargo was underway towards Baltimore within 2 hours of arrival as we had to pack machine # 2.

Origin: Halifax, NS Canada
Destination: Burlington, ON Canada

Scope: The challenge with this project was planning the oncarriage by rail and truck. Both had to meet in Concord, ON on the same day. Once at rail, the base unit was delivered to the client along with police escorts.

EU Origin: Wien, Austria
Origin: Savannah, GA
Destination: Daytona, FL

Scope: Falcon had to obtain EPA approval and deliver both cars to the track on time. Cars arrived 1 day prior to the start of the race.

Origin: United Kingdom
Destination: Alberta, Canada

Scope: Supply a fertilizer company with urgent parts for production while in shutdown situation.

SIZE DOESN'T MATTER TO US

Any transportation company can move your freight from point A to point B. But imagine a company who also cares for your freight as if it were their own. A company whose personal commitment reaches beyond your expectations, who will find logical solutions to your business challenges, and whose professionalism provides you peace of mind. That's what we strive for. Every day, every shipment, every time.

Welcome to Falcon International.
Transport by air, sea and land.
